WHEREAS, The Fedders strike in Edison, Middlesex County, which began February 24, 1972, is the longest-continued strike now in New Jersey, idling some 2,700 workers; and

WHEREAS, Despite five meetings held under the auspices of the Federal and State Mediation Boards, no progress has to date been achieved towards a settlement, and the company has, in fact, stiffened its demands for certain reductions in wages and increases of workloads, has refused to entertain any of the union's proposals for wage improvements and other gains deemed necessary by the employees to meet the rising living costs and tax increases which they must face; and

WHEREAS, In addition to the economic distress faced by the idled workers and the adverse impact upon the economy of Middlesex County, this prolonged strike has recently generated an increasing accrimony due to the company's hiring of some nonunion production workers, and attempts by striking employees to prevent these new employees from crossing picket lines have led to several arrests in the past few days; and

WHEREAS, A continuation of this strike will deepen its adverse economic effects and may lead to serious social disturbances; and

WHEREAS, In view of the negotiating impasse now in existence, it is evident that forceful and persuasive outside intervention is needed to break the deadlock; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

That this House hereby respectfully requests of the Governor of this State that he directly and personally express to the officials of the union and the company involved in this strike the deep concern of the State at the continuation thereof, and his interest in seeing that negotiations proceed immediately for a settlement; and

Be It Further Resolved, That a duly authenticated copy of this resolution, signed by the Speaker and attested by the Clerk, be transmitted to His Excellency, William T. Cahill, Governor of New Jersey.

ASSEMBLY BILL No. 473

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 473, without my approval, for the following reasons.

Assembly Bill No. 473 would amend N. J. S. 2A:168-8 to remove the authority of the Judiciary over the appointment of Probation Officers and place such responsibility in the various Boards of County Freeholders along with the authority to fix the annual salaries of the Chief Probation Officer and Probation Officers. Salaries are presently set by the Judge or Judges authorized to appoint such officers, with the Boards of Freeholders only entitled to consultation on the setting of such salaries.

There has been much improvement over the last 10 years in the probation system of this State, although admittedly much more work needs to be done. The Judiciary of this State is of the opinion that if the Boards of Freeholders control Probation Department appointments and salaries, it may well result in a situation, such as previously existed, where political influence may prevail within the Probation Department, to the detriment of proper performance. Such a potential should not be permitted to exist.

While there might be some justification for removal from the Judiciary of the resupervisory or reappointive aspects of probation, such fragmentation of control does not auger an efficient, effective or responsive Probation Department.

It appears to me that the past and present performance of the Judges and the Judicial Branch of Government in the appointment of Probation Officers, in the fixing of their salaries and in the supervision of their work, does not justify the change which this bill provides. Such deficiencies as may exist in the Probation Department appear to result primarily from the lack of staff occasioned by limited county funds and in the fact that the appointment of the Probation Officers is placed in all of the Judges rather than in the Assignment Judge as has been previously recommended by the New Jersey Supreme Court. State funding with supervision and control vested in the Administrative Office of the Courts is the ultimate solution. This can occur only when the State has sufficient resources to finance such an extensive undertaking.

For all the foregoing reasons, I am, therefore, returning Assembly Bill No. 473 without my approval.

ASSEMBLY BILL No. 1367

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 1367 to the Legislature, without my approval.

This bill would exempt from the calculation of the limitation on county bonded indebtedness those bonds issued for vocational school construction purposes. It would be retroactive in effect, exempting issues authorized by ordinance on or after July 1, 1970.

I have carefully reviewed this proposal and am of the opinion that the present system of calculating bond indebtedness is a sound one and should not be diluted. The Local Bond Law provides a reasonable administrative method of exceeding the bonded indebtedness maximum after thorough evaluation and review of the Local Finance Board. Each application to exceed the maximum should be and is presently individually reviewed. Sound fiscal practices dictate that this procedure be continued.

Accordingly, I herewith return Assembly Bill No. 1367 to the Legislature, without my approval.

ASSEMBLY BILL No. 844

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 844, without my approval, for the following reasons:

This bill would change the existing law to prevent the actual population changes under the 1970 census from affecting the responsibility of certain county clerks for preparation of primary election ballots. In my view, the basic three-fold classification set up in Section 1 of Chapter 68, P. L. 1945 (N. J. S. 19:23-22.1) is now unreasonable and unwarranted. If this conclusion is proper, it is fundamental that the deficiencies of the 1945 law should not be compounded by this bill.

I am, therefore, returning Assembly Bill No. 844, without my approval.

ASSEMBLY BILL No. 255 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 255 (OCR) with my objections, for reconsideration.

I agree that there is a dire need for regulation of hearing aid dispensers. However, I am of the opinion that the bill as presently written does not sufficiently insure that the public will be protected from incompetent and unscrupulous dealers.

I recommend that the bill be amended to provide that individuals seeking the services of a hearing aid dispenser be fully informed that the dispenser is not a physician, nor a clinical audiologist, and to provide that the hearing aid dispenser shall refer individuals who exhibit certain objective signs, or who have a prior history of a serious or unusual medical problem, to a physician prior to the sale and fitting of a hearing aid.

This bill should also be amended to make it unlawful for a hearing aid dispenser to fit or sell a hearing aid to an individual less than 18 years of age unless a physician specializing in diseases of the ear (otolaryngologist) has prescribed the hearing aid.

In addition, I recommend that this bill be amended to conform to the recommendations of the New Jersey Professional and Occupational Licensing Study Commission. The Examining Committee should be reduced in size and restructured to provide a proper balance among the interests represented. The Director of the Division of Consumer Affairs, or his representative, should be included as a member of the Examining Committee. Furthermore, the authority to revoke, suspend, or refuse to renew licenses of hearing aid dispensers should be transferred from the Examining Committee to the Director of the Division of Consumer Affairs, and he should be given the necessary powers to properly carry out this function.

I am also of the opinion that the Committee should be given the power to upgrade the standards for licensure in the future by requiring an appropriate course of instruction as a condition for entrance into this occupation.

I am also recommending certain technical changes to this bill and other measures which will further insure protection for the consumer such as the requirement that the individual purchasing a hearing aid be given a detailed receipt.

Accordingly, I herewith return Assembly Bill No. 255 (OCR) for reconsideration and recommend that it be amended as follows:

Page 2, Section 2, Line 16: Insert a new sub-section as follows:

ment issued pursuant to this act, may have a temporary license issued to him which shall entitle him to be engaged, under such direct supervision, in the fitting and selling of hearing aids for a period ending 30 days after the results of the next examination are announced. b. A licensee shall, upon the consummation of a sale of a hearing aid, deliver to the purchaser a written receipt, signed by or on behalf of the licensee, containing all of the following:

- (1) the date of consummation of the sale,
- (2) specifications as to the make, serial number, and model number of the hearing aid or aids sold,
- (3) the address of the principal place of business of the licensee,
- (4) a statement to the effect that the aid or aids delivered to the purchaser are used or reconditioned, as the case may be, if that is the fact,
- (5) the number of the licensee's license,
- (6) the terms of any guarantee or express warranty, if any, made to the purchaser with respect to such hearing aid or hearing aids,

'The purchaser has been advised at the outset of his relationship with the hearing aid dispenser that any examination or representation made by a licensed hearing aid dispenser in connection with the practice of fitting and selling of this hearing aid, or hearing aids, is not an examination, diagnosis, or prescription by a person licensed to practice medicine in this State, or by certified audiologists and therefore must not be regarded as medical opinion.' “25. Whenever any of the following conditions are found to exist either from observations by the licensee or on the basis of information furnished by the prospective hearing aid user, a licensee shall, prior to fitting and selling a hearing aid to any individual, suggest to that individual in writing that his best interests would be served if he would consult a licensed physician specializing in diseases of the ear or if no such licensed physician is available in the community then to a duly licensed physician:

- (a) visible congenital or traumatic deformity of the ear,
- (b) history of, or active drainage from the ear within the previous 90 days,
- (c) history of sudden or rapidly progressive hearing loss within the previous 90 days,
- (d) acute or chronic dizziness,
- (e) unilateral hearing loss of sudden or recent onset within the previous 90 days,
- (f) significant air-bone gap.

A person receiving the written recommendation to purchase a hearing aid shall sign a receipt for the same.

The licensee shall provide the prospective hearing aid user with a list of at least 3 physicians specializing in diseases of the ear, practicing in the area, and their addresses or if none are practicing in the area, then a list of at least 3 physicians and their addresses.

26. No hearing aid shall be sold by an individual licensed under this chapter, to a person less than 18 years of age unless within the preceding six months a recommendation for a hearing aid has been made by a board-certified, or a board-eligible physician specializing in otolaryngology, or by an audiologist certified by the American Speech and Hearing Association after examination and diagnosis by a board-certified or board-eligible otolaryngologist. A replacement of an identical hearing aid within one year shall be an exception to this requirement.

27. A licensee shall keep and maintain in his office or place of business the following records:

(a) results of tests as they pertain to the fitting of the hearing aid,

(b) a copy of the written receipt required by Section 24 and a copy of the written recommendation and receipt required by Section 25, and

(c) copies of such other records as the Committee or the Director shall reasonably require.

All such records shall be kept and maintained by the licensee for a period of 7 years.

28. It is unlawful for an individual to engage in the practice of fitting and selling of hearing aids or to display a sign or in any other way to advertise or hold himself out as being so engaged without having at the time of so doing a valid unsuspended, unrevoked and unexpired license, temporary license or certificate of endorsement. Such license, temporary license or certificate of endorsement shall be conspicuously posted in the licensee's office or place of business at all times.

29. a. the Director or his authorized representatives are empowered to enter and inspect such places, question such individuals and investigate such facts, conditions or matters as they may deem appropriate to determine whether any person has violated any provision of this act or any rule or regulation entered hereunder.

b. the Director or his authorized representatives shall have the power to administer oaths, examine witnesses under oath, issue subpoenas, compel the attendance of witnesses, and the production of records, papers, documents, and testimony and to take depositions and affidavits in any proceeding before the Director.

30. This act shall take effect immediately."

ASSEMBLY BILL NO. 474 OCR

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I hereby return Assembly Bill No. 474 OCR with my objections, for reconsideration.

Assembly Bill No. 474 OCR would amend Section 1 of P. L. 1968, c. 443 (N. J. S. 46:15-12) to require that in addition to the presently required word "mortgage" appearing at the heading of a mortgage instrument, the mortgagor must acknowledge that he has received a true copy of the instrument.

I am in accord with the purpose and intent of this bill. However, the bill should be clarified to require the mortgagee to furnish the copy of the mortgage. In addition, it would be useful to allow the statement that the copy has been received to be inserted in the acknowledgment to the mortgage or be added by endorsing it on the instrument. In order to allow time for financial institutions, lawyers and County Clerks to become familiar with the requirements of this act, I also recommend that the effective date be delayed for an appropriate period of time.

Accordingly, I herewith return Assembly Bill No. 474 OCR for reconsideration and recommend that it be amended as follows:

1. *Page 1, Section 1, Line 10:* Delete "therein" and insert in lieu thereof "in the acknowledgment or endorsed thereon".

2. *Page 1, Section 1, Line 12:* After line 12 insert the following sub-paragraph:

"The mortgagee shall provide, without charge, a true copy of such instrument to the mortgagor, which shall be certified by the mortgagee or the attorney for the mortgagee as a true copy of said instrument. Said copy shall be distinctly stamped or marked 'Copy'."

3. *Page 1, Section 2, Line 1:* Delete "immediately" and insert in lieu thereof "on the first day of the third month following enactment."

ASSEMBLY BILL No. 587 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 587 (OCR), with my objections, for reconsideration.

This bill provides a procedure for expungement of the record of conviction of the crime of possession of marijuana under certain sections of the law which were revised or repealed by the New Jersey Controlled Dangerous Substances Act (P. L. 1970, c. 226). Expungement would be granted by order of the court after a full hearing provided no subsequent similar conviction has been entered against such offender during the five-year period following his conviction. Prior notice of such hearing is given to the municipal and state police and the county prosecutor.

I agree with the general purpose of this legislation, however, I feel certain changes are appropriate. As drafted the bill would permit expungement of a conviction of the crime of possession with intent to manufacture or distribute marijuana. I am opposed to expungement in such a serious offense and recommend that the expungement provided in the bill be limited to the offense of possession, use or being under the influence of marijuana.

Further, the bill is limited to cases where sentence has been served or parole terminated. The legislation should also include cases where sentence has been suspended and probation terminated. I would further recommend that the term "offense" be substituted for the term "crime" to include disorderly persons offenses which are not technically crimes.

I return Assembly Bill No. 587 (OCR) herewith and recommend that it be amended as follows:

Page 1, Section 1, Line 2: After "served" insert "or suspended"; after "parole" insert "or probation"; delete "a crime" and insert "an offense".

Page 1, Section 1, Line 3: After "possession" insert "use or being under the influence".

ASSEMBLY BILL No. 594

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 594, with my objections, for reconsideration.

This bill provides a procedure for the parole of persons convicted of narcotic offenses to permit them to enter treat-

ment facilities. Reference to conviction as a *narcotic addict* has been deleted in response to the decision of the court in the case of *Winbush v. Sills*, 88 N. J. Super. 392, which held there is no such specific offense as a *narcotic addict*. Language has been suggested in the bill to correct this improper reference.

I agree with the philosophy of this legislation; however, I feel certain changes should be made. Rather than referring to these offenses simply as "narcotic offenses" it would be more appropriate to specify they involve "possession, use or being under the influence of a controlled dangerous substance." This is the language found in our related statutes.

Further, the bill as drafted provides no standards for determining whether a treatment facility is appropriate. These facilities should be certified by the Division of Narcotic and Drug Abuse Control and approved by the Division of Correction and Parole.

In addition, the bill contains no criteria to assist the Parole Board in determining whether such parole is appropriate in a particular situation. Parole for this purpose should not be granted automatically but only if it is compatible with the welfare of society, the inmate's history for assaultive behavior and his motivation to accept treatment. These factors should constitute criteria in the parole process.

I also recommend the legislation be broadened to include parole to appropriate out-patient treatment programs. Other technical changes are recommended to make the new language consistent with the remainder of the statute.

I am returning Assembly Bill No. 594 herewith with the recommendation that the bill be amended as follows:

Page 1, Title, Line 1: After "Act" delete "concerning the granting of paroles to persons convicted of certain narcotics offenses and amending P. L. 1952, c. 32." and insert "to amend the title of "An act concerning the granting of paroles to inmates convicted as narcotic addicts and providing for the manner in which any such parole may be granted and the conditions which shall be attached thereto, and supplementing 'An act providing for a system for the granting of paroles in certain cases, establishing a State Parole Board and defining its composition, powers

and duties, and repealing sections 30:4-106.1, 30:4-106.2 and 30:4-142 of the Revised Statutes,' approved May 28, 1948 (P. L. 1948, c. 84),' approved April 16, 1952 (P. L. 1952, c. 32), so that the same shall read "An act concerning the granting of paroles to inmates who are abusers of controlled dangerous substances and providing for the manner in which any such parole may be granted and the conditions which shall be attached thereto, and supplementing 'An act providing for a system for the granting of paroles in certain cases, establishing a State Parole Board and defining its composition, powers and duties, and repealing sections 30:4-106.1, 30:4-106.2 and 30:4-142 of the Revised Statutes,' approved May 28, 1948 (P. L. 1948, c. 84),' and to amend the body of said act."

Page 1, Section 1, Line 1: Insert a new Section 1, as follows:

"1. The title of P. ASSEMBLY BILL No. 802 (OCR)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 802 (OCR) with my objections, for reconsideration.

This bill makes it a disorderly persons violation for an individual to operate or cause a motor vehicle to be operated in this State without the requisite liability insurance coverage. While I am in wholehearted agreement with the concept of compulsory insurance, I am of the opinion that it is more appropriate to treat this offense as a violation of Title 39 of the Revised Statutes. In that way, this offense will be handled in a similar manner to other serious violations of the motor vehicle laws such as reckless driving and driving under the influence of alcoholic beverages. In addition, the sanctions imposed should be amended to conform

generally with other violations of Title 39 of the Revised Statutes. I further recommend that a provision be added to allow a complaint to be filed with the municipal court for a violation of this act at any time up to 6 months after the alleged offense.

These changes will make this law easier to administer for the Division of Motor Vehicles, other law enforcement agencies and the courts.

I also agree that the requirement of knowledge is an unnecessary burden upon law enforcement agencies with respect to owners and registrants, because they have it within their control to determine whether insurance coverage is in effect for their vehicle. However, the non-owner operator in many circumstances cannot readily make such a determination. Thus Assembly Bill No. 802 (OCR) should be amended to require knowledge as element of the offense of operating without insurance in the case of a non-owner operator.

Furthermore, I previously signed into law P. L. 1972, c. 70, the "New Jersey Automobile Reparation Reform Act" which contains a section imposing criminal penalties for operating an automobile without the insurance coverage required by that act. Since Assembly Bill No. 802 (OCR) is broader in scope, covering all motor vehicles not just automobiles, that act should be amended to delete Section 15(b) which will no longer be necessary if the amendments contained in this message are acted upon favorably. In a similar vein, Section 15(c) of that act should also be deleted since the Director has the power to revoke or suspend for any violation of Title 39 of the Revised Statutes.

For the foregoing reasons, I herewith return Assembly Bill No. 802 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Title, Line 2: After "coverage" before "." insert "and supplementing Title 39 of the Revised Statutes".

Page 1, Section 1, Line 6: Delete "ownership" and insert in lieu thereof "ownership".

Page 1, Section 2, Line 1: Delete "operator".

Page 1, Section 2, Line 5: After "coverage" and before "," insert "required by this act".

After “,” insert “and any operator who operates or causes a motor vehicle to be operated and who knows or should know from the attendant circumstances that the motor vehicle is without motor vehicle liability insurance coverage required by this act shall be subject, for the first offense, to a fine of not less than \$50.00 nor more than \$200.00 or imprisonment for a term of not less than 30 days nor more than 3 months or both, in the discretion of the municipal judge, and shall forthwith forfeit his right to operate a motor vehicle over the highways of this State for a period of 6 months from the date of conviction. Upon subsequent conviction, he shall be imprisoned for a term of 3 months and shall forfeit his right to operate a motor vehicle for a period of 2 years from the date of his conviction, and, after the expiration of said period, he may make application to the Director of the Division of Motor Vehicles for a license to operate a motor vehicle, which application may be granted at the discretion of the Director. The Director’s discretion shall be based upon an assessment of the likelihood that the individual will operate or cause a motor vehicle to be operated in the future without the insurance coverage required by this act. A complaint for violation of this act may be made to a municipal court at any time within 6 months after the date of the alleged offense.”

Page 1, Section 2, Line 5: Delete “may upon conviction be fined not more than \$500.00, or”.

Page 1, Section 2, Line 6: Delete Lines 6 through 9.

Page 2, Section 2, Line 10: Delete Lines 10 through 34.

Respectfully,

STATE OF NEW JERSEY,

ASSEMBLY BILL NO. 918

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 918, with by objections, for reconsideration.

Under present law, no banking institution can make a mortgage loan if the total of the principal balances of all the outstanding mortgage loans owing to it exceeds 70% of the time deposits of the bank. Assembly Bill No. 918 would remove this 70% limitation and authorize the Commissioner of Banking to establish the limitation, pursuant to rule or regulation, at an amount not less than 70% nor more than 100% of the time deposits.

This limitation on the percentage of mortgage loans is intended to ensure the safety of the money on deposit with the banks of this State, and to ensure the soundness of these banks. The limitation has been changed only once since 1948; in 1965 the allowable percentage was, by an amendment to the statute, increased from 60% to 70%.

I agree that it is advisable at this time to increase the availability of residential mortgage loans by increasing the percentage of its deposits that a bank can invest in mortgage loans. I also agree that it is appropriate to make the limitation more flexible by allowing the Commissioner of Banking to establish the exact percentage, within legislatively determined boundaries. I believe, however, that the importance of this limitation to the public welfare requires that changes in excess of 10% be accomplished only with the express approval of the Legislature and the Governor, under the public scrutiny that accompanies the legislative process. Although some delegation of power is acceptable, the responsibility for establishing the limitation is a legislative duty, and it seems unwise to empower the Commissioner of Banking to eliminate the restriction by increasing the allowable percentage to 100%.

Accordingly, I am returning Assembly Bill No. 918 for reconsideration, and I recommend that it be amended as follows:

Page 1, Section 1, Line 13: After "exceed" delete "100%" and insert "80%".

Respectfully,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 14, 1972. }

ASSEMBLY BILL NO. 34 (2ND O.C.R.)

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I herewith return Assembly Bill No. 34, without my approval.

This bill, as amended by the General Assembly Taxation Committee and the General Assembly, would amend two sections of the Hotel and Multiple Dwelling Law (C. 55:13A-12 and 13) to exempt certain senior citizen developments or corporations from the payment of the registration and inspection fees required by those sections. To qualify for this proposed exemption, a senior citizen development or corporation must be organized under the laws of this State for the primary purpose of providing housing for shareholders or members in a retirement community as defined in the Retirement Community Full Disclosure Act (C. 45:22A-1 et seq.) and must also qualify as a non-profit corporation under Title 15 of the Revised Statutes.

I recognize that many senior citizens live on fixed incomes, and that, in these times of general inflation, many of their problems require special consideration. Certainly, the provision of adequate housing at reasonable cost is one of the most crucial of these problems. Although I have long been a supporter of measures to benefit the senior citizens of this State, I do not believe that this proposal provides an appropriate or effective means of dealing with their problems.

This bill offers only token relief to senior citizen developments and corporations, and there is no assurance that the savings to the developments and corporations will be passed on to the senior citizens living there. There is no provision requiring that this savings actually result in measurable benefit to the residents of these developments, through reduced fees, rents or maintenance charges. Had such a provision been incorporated into this bill, I would not hesitate to sign it, but I feel that the failure to include such a provision is a fatal defect in the bill.

Additionally, the bill applies only to a small portion of the senior citizens of this State, and does nothing for the senior citizens most in need of assistance in obtaining adequate housing—those who cannot afford to live in a retirement community. In effect, these more needy senior citizens are being asked to contribute, by the taxes they pay, to help cover the loss of revenue this exemption would produce. If the Legislature intended to benefit senior citizens by this measure, it should not have limited the exemption to developments and corporations. In fact, this could be considered special legislation, and difficult legal and practical problems might arise because of the questionable classification utilized by this bill.

There is no assurance that the proposed exemptions would actually benefit senior citizens. The effect of the bill, if not its intent, may be to benefit those who construct, maintain and manage these senior citizen developments more than those who live in the developments.

I have supported and signed important legislation affecting senior citizens, including measures to double the senior citizens real estate property tax deduction and to make more senior citizens eligible for the deduction by broadening the list of benefits excludable from income in determining eligibility for the deduction. In fact, I conditionally vetoed this last measure, in order to prevent an inadvertent change in the residency requirements which would have prevented some deserving senior citizens from taking advantage of the deduction.

This administration zealously guards the rights of senior citizens, but legislation such as this bill does little to affect their welfare. The State should obviously continue its efforts to alleviate the problems besetting many of our

senior citizens. We are presently studying these problems in some detail and I anticipate that specific proposals for providing effective relief to the senior citizens of this State will be forthcoming as a result.

Accordingly, I am returning Assembly Bill No. 34, without my approval.

Respectfully,

[SEAL]

/s/ WILLIAM T. CAHILL,
Governor.

Attest:

/s/ JEAN E. MULFORD,
Acting Secretary to the Governor.
